**BMP Description:**
Landcare contracts power sweeping of campus streets, curb lines, loading docks, and service drives to remove sand, dirt, and road debris. Swept materials are collected and legally disposed of off-campus by the contractor.

Landcare staff conduct hard surface maintenance activities as needed throughout the year to collect and remove organic debris and sediment from walkways, steps, and plazas.

**Measurable Goals:**
Number of street sweeping events, annually
Lane-miles swept, annually

**Timeline/Implementation Schedule:**
Routine street sweeping once a month from March – October
Timely street sweeping of specific event routes (e.g. Homecoming parade)

**Specific Components and Notes:**
Sweeping RFP: Street Sweeping Services for Landcare
Landcare Street Sweeping map
BMP 6A.04 Parking Lot Sweeping

**Responsible Party for this BMP:**
Name: Tom Ritzer
Department: FM Landcare
E-mail: ritze001@umn.edu
